We were absolutely delighted with the service and the food – all Café Sunlight's staff are polite, well briefed and a credit to the company. The event was a resounding success, in no small part down to the hospitality and service offered by the catering team.

Business in the Community is committed to our own responsibilities to society and to the environment and we make every effort to run our events to industry sustainability standards. Business in the Community was proud to support Café Sunlight for our catering at our Responsible Business Week 2013 event at The Guildhall in London. We were very pleased with the catering services provided by Cafe Sunlight for our event. The team were friendly, professional and efficient and the food was delicious. I would have no hesitation in recommending Café Sunlight for future events.

‘Café Sunlight has a friendly, flexible and talented team. They have a keen eye for detail. We have been using Café Sunlight for our conference in 2012 and for our investment evenings and we couldn't have asked for a better service and such tasty food. Cooking for high profile guests who expect only the best and they have stood out from the rest. Excellent combination of reliable service and social impact.’

Cafe Sunlight provided catering outlets at our annual Dragon Boat Race in 2013 and we are working with them to repeat this successful collaboration again in 2014. Sam and the team at Cafe Sunlight were fabulous to work with - reliable, prompt with information and extremely pleasant to deal with. Their food and service at the event was excellent - they provided tasty, wholesome food which was much appreciated by our rowers. Their prices were reasonable and the food delicious. We very much hope to continue collaborating with them,

Testimonials – London venues

Guildhall, City of London

Café Sunlight provided catering for the Business in the Community conference which took place over two days in April 2013. The challenges around the event were multiple and took the form of simultaneous events, very short notice catering changes and extreme pressures which included relocating the event at short notice due to a short notice high level ceremonial event. Over 300 people attended the conference and Café Sunlight catered for various events which ranged from breakfast, lunches and receptions for varying numbers. Café Sunlight impressed the Corporation with their provision of high quality catering, professional and helpful staff and the ability to cope with the inevitable challenges of a large scale event at a unique venue.

CAN Mezzanine

“Cafe Sunlight has catered for CAN delivering canapés and drinks receptions at our CAN Mezzanine site in central London. I have also attended numerous events where they have catered. The food has always been excellent and the service impeccable. We found the management team to be efficient and it was a pleasure to work with them on events. As a caterer they were respectful of our premises and always worked diligently and in accordance with our requirements as a venue, from set up to clear down. The venue is a large Victorian building that provides office accommodation, meeting spaces and conference rooms. The building does not have catering kitchens and the team have worked well to adapt and utilise space to create temporary kitchens safely and efficiently. I would have no hesitation to recommend Cafe Sunlight as an event caterer”.

Headstone Manor Museum

I had the pleasure of working with the Café Sunlight in September 2013, at the first Wedding Reception held at the Headstone Manor Museum, for 200 guests. The professionalism of each and every member of their team was exceptional. They worked incredibly hard to ensure that the event ran smoothly, and went out of their way to help our guests. The food was outstanding in its quality and presentation, prepared and served by their efficient, friendly staff. I am delighted to be able to recommend Sam Bennett and the Café Sunlight, and would be more than happy to work with them again in the future.
